

WORKSHOP BOOKING FORM

ASSESSING FOSTER CARERS AND ADOPTERS

THEME

This workshop will be suited to practitioners and managers working in adoption and fostering. It will consider all the elements involved in making thorough and robust assessments from initial enquiry to presentation at panel. A range of approaches to assessment will be covered, as well as specific tools which can be used. It will look at the key tasks involved in the assessment and help assessors identify the key capacities that foster carers and adopters need in order to provide safe nurturing care to children and young people. Case material will be used to explore the process of gathering information, assessing risk and evidencing assessments. There will be opportunities for participants to share experiences and case material with workers from other agencies.

WHO SHOULD ATTEND

This workshop would suit both new and experienced practitioners.
