Follow-up Session: Tuesday 21 June 2022
Time: 10.00am – 11.00am

As AFA Scotland is currently delivering all workshops online there will be two dates for your diary; the first is the substantive workshop and the second is a follow-up session which focuses on specific areas that the group raise on the day. We have found this model of delivery allows for a more complete and reflective approach to training and attending both will maximise your learning opportunity.

THEME

The assessment of family members and known adults as kinship carers for a child or young person unable to live with their birth family is one of the most complex that a worker can undertake. It is only through the completion of full and robust assessments that decisions can be made in the child's best interests.

This workshop will look at good practice in the assessment of any alternative family carers as well as key differences in the assessment of kinship carers. Issues of power and partnership as well as risk assessment will also be considered.

LEARNING OBJECTIVES

Participants will consider:

- The core principles of assessing alternative family carers.
- Models and methods of assessment.
- The preparation and assessment of kinship carers specifically, including risk assessment.

WHO SHOULD ATTEND?

This workshop would be suitable for those undertaking kinship carer assessments and their managers.
