As AFA Scotland is currently delivering all workshops online there will be two dates for your diary; the first is the substantive workshop and the second is a follow-up session which focuses on specific areas that the group raise on the day. We have found this model of delivery allows for a more complete and reflective approach to training and attending both will maximise your learning opportunity.

THEME

With new legislation and regulation around placing brothers and sisters becoming operational on 26 July 2021, what better time to examine the legislation, research and tools we have available for making good assessments and decisions for siblings.

LEARNING OBJECTIVES

This workshop will enable you to:

- Understand changes to the legal context around brothers and sisters.
- Consider what research tells us about sibling relationships and inform the decisions you make.
- Discuss views, attitudes and practice when placing sibling groups in your agency.
- Consider CoramBAAF Sibling Assessment Tools and how you can use these in practice.
- Consider the dilemmas you face in practice when making assessments.

WHO SHOULD ATTEND?

This workshop will be relevant for children's social workers, family placement social workers and managers.
